Custom Habitat for Humanity T-shirts with company logo;	*n/a*	*n/a*	ask

"This year, my house got new siding, and my faith in humanity has been renewed."

When Suzanne purchased her home in White Center, she was told she would need new siding within the year. **That was 12 years ago.** Working as a teacher and waitress to keep up her mortgage, she never had extra money for repairs. After qualifying for Habitat's Repair Program, she said, **"I feel like I won the lottery!"**

Suzanne and the Habitat staff thank all our donors who make it possible to purchase building materials

For questions, or to reserve your build experience, please contact a member of Habitat SKC's corporate team:
