

We build strength, stability, self-reliance *and* shelter.

July 1, 2020

The Honorable Mitch McConnell
Senate Majority Leader
U.S. Senate
Washington, DC 20510

The Honorable Charles Schumer
Senate Minority Leader
U.S. Senate
Washington, DC 20510

Dear Senate Majority Leader McConnell and Senate Minority Leader Schumer:

On behalf of Habitat for Humanity International and nearly 600 Habitat affiliated organizations from all 50 states, Washington, D.C. and Puerto Rico listed below, we urge the Senate to ensure housing stability and support for nonprofits who serve our communities most in need.

The COVID-19 pandemic continues to impact communities around the country and has caused both a public health crisis and an economic crisis. Now, we are facing a housing emergency, with devastating economic and social consequences.

Even before the pandemic, more than 18 million households in the U.S. were paying more than half of their income on housing, leaving little or no margin for lost income or unexpected health care costs. Now, with tens of millions of individuals having filed for unemployment since March, the situation is likely much worse. Families are facing additional economic hardship from lost wages or layoffs and are now confronted with impossible choices between trying to pay their rent or mortgage and life's other essentials, putting them at risk of foreclosure and eviction.

As a result of these difficult circumstances, we call on the Senate to take further action in the next relief bill to ensure families remain stably housed and nonprofits have the support they need to continue serving these families. We urge the Senate to:

- Stabilize homeowners and renters by boosting foreclosure prevention through the creation of a Housing Assistance Fund, S. 3620, and
- Provide critical support to all nonprofit organizations by helping them retain employees or hire new ones through the WORK NOW Act, S. 3747.

Habitat for Humanity applauds the passage of the CARES Act as an important step for supporting workers, families, and small businesses during this time of economic hardship, however we know more must be done to provide needed relief for families and the nonprofits that support them.

The Housing Assistance Fund would boost foreclosure prevention by helping struggling homeowners through mortgage payment assistance, principal reduction, reinstatement of mortgages following a period of forbearance and utility payment assistance, as well as rental assistance for struggling renters. It would provide a flexible source of federal funding to state-level Housing Finance Agencies in all 50 states and the District of Columbia to enable families impacted by COVID-19 to remain in their homes. The need for the Homeowner Assistance Fund is great, as recent reports show more than 4 million homeowners have requested forbearance and the number is expected to grow exponentially.

We build strength, stability, self-reliance and shelter.

Additionally, although reports show the number of unemployed individuals is decreasing, millions of families are still trying to find work or have reduced hours. These families have utilized their savings, their \$1,200 stimulus checks and any other means, but assistance is still needed. Preventing foreclosures is not only important for stabilizing families and communities, but also key to economic stability over the long run.

The WORK NOW Act would provide resources to support nonprofits to scale services to meet increased demand, retain employees and put newly unemployed individuals back to work serving their communities. At a time when communities are increasingly relying on nonprofits for support, nonprofits themselves are facing economic shocks that limit how much they can help. Charitable giving and other revenue streams for nonprofits have declined as a result of coronavirus, forcing many to lay off workers and cut back on services.

Please ensure families can remain in their homes and nonprofits can continue helping our communities recover from the devastating impacts of COVID-19 by supporting The Housing Assistance Fund (S.3620) and the WORK NOW Act (S.3747).

Thank you for your consideration of Habitat for Humanity’s key priorities to ensure housing stability and support for nonprofits.

Sincerely,

Habitat for Humanity International and below signed state and local affiliated organizations
