

**JUNE 8-15, 2024**

Join Habitat for Humanity Seattle - King & Kittitas Counties as we host our annual Pride Build, bringing local members of the LGBTQ+ community, organizations, and allies together in action to support Habitat's programs and LGBTQ+ homeowners.

A history of systemic discrimination barred LGBTQ+ families and individuals from access to homeownership opportunities, and through Pride Build, we look forward to bringing our community together to raise awareness of the need for affordable housing for all, and it's power to transform lives for the better.

Join us in June as we learn, share, and build together, and to find out more about how you can help bring homeownership and affordable repairs to everyone in our community.
